

Umbrella Agreement of ASEA-UNINET Member Universities

(Preamble)

Recognizing

the great success of the academic co-operation within ASEA-UNINET during the past 20 years
and the steady progress of links between all partner institutions of the Network,

Realizing

the need for further measures to enhance the co-operation by means of general agreements on
procedures and the facilitation of study and research programmes performed within ASEA-
UNINET, and

Proposing

that such measures can be preferably implemented by a multilateral agreement instead of
numerous bilateral agreements,

(Agreement)

the undersigned Universities have agreed upon the measures listed hereafter:

1. To mutually recognize academic degrees, diplomas and credits obtained from a partner university in equivalent study programmes,
2. to admit students from a partner university to study programmes on the basis of their degrees obtained at that university, in particular bachelor degrees for master studies and master degrees (2 years with thesis) for doctoral (Ph.D.) studies, provided that all conditions for admission such as availability of working space, acceptance by a supervisor and/or specific skills in fine arts are fulfilled.
3. to mutually waive tuition fees for students performing study programmes, if they have been nominated by an ASEA-UNINET member university; this does not apply, however, to mandatory government taxes outside the responsibility of the university

4. to facilitate exchange of, and access to, materials within ASEA-UNINET research programmes, with agreement of non-disclosure or confidentiality if deemed necessary,
5. to provide support in identifying suitable academic supervisors, and
6. to provide support in administrative matters such as visa application, health insurance and accommodation.

This agreement shall come into force immediately after signing for a duration of 3 years and shall be extended automatically for further 3 years unless a majority of the signing parties propose its revocation. Each member university, however, is entitled to opt out of this agreement by written notification to the acting president of ASEA-UNINET, which will terminate its validity for this university 6 months after notification.
