

## Kasetsart University Sriracha Campus Scholarship Program for ASEAN+6 and European Students Academic Year 2026

---

### Rationale:

Currently, the competition rate between Thai universities has increased due to the declining birth rate of the Thai population. This trend is evident from the birth rate data from 2023 - 2025, provided by The Bureau of Registration Administration (BORA), Department of Provincial Administration (DoPA) (accessed on January 6, 2026, online), resulting in a decrease in the number of students entering university. Therefore, Thai universities need to expand their target groups from focusing solely on domestic students to also attracting international students.

Kasetsart University Sriracha Campus recognizes the importance of this issue. In alignment with Kasetsart University's policy of international development, the campus initiated the “Kasetsart University Sriracha Campus Scholarship Program” in the academic years 2023–2025 and plans to continue the program in academic year 2026.

The program aims to enhance the visibility of Kasetsart University and the Sriracha Campus on the international stage. In the past three years, the university and the Sriracha Campus have experienced increased recognition, as seen from a total of 971 scholarship applications received.

In addition, the program seeks to increase the number of international students at Kasetsart University, thereby supporting the improvement of the university’s ranking in the “Internationalization” dimension of the World University Rankings standards. Over the past three years, the program has contributed to an increase of 29 international students at Kasetsart University Sriracha Campus.

Country	Number (persons)	Country	Number (persons)
Cambodia	5	Myanmar	19
India	1	Philippines	1
Indonesia	2	UK	1

Furthermore, to enhance the international atmosphere at the Sriracha Campus and to foster good relationships between partner higher education institutions and Kasetsart University for future collaborations in other areas.
