Graduate School Universitas Padjadjaran
International Online Summer Course 2021
TROPICAL WISDOMS AND TREASURIES

October 4 - 12, 2021

Collaborating with international experts, Graduate School UNPAD International Online Summer Course will explore some of the exciting interdisciplinary works related to Tropical Wisdoms and Treasuries. In this course, both theoretical and empirical aspects will be covered and, during the course, faculties are available to discuss research ideas and projects with program participants. This summer course will be held on October 4 - 12, 2021. Both Indonesian and international participants are eligible to apply. All the topics in the course will be delivered in English.

The Summer Course will cover the following topics:

- **Treasures from tropical pollinating insects**, Prof. Morio Tsukada, Mie University, Japan
- **Learnings from low carbon emission society (The case of Kampung Naga and Kampung Baduy)**, Prof. Johan Iskandar, UNPAD
- **Socio-ecological aspects of Traditional bio-production systems in tropical countries**, Prof. Parikesit, UNPAD
- **Environmental sustainability of traditional batik industry**, Associate Prof. Sunardi, UNPAD
- **Indigenous biotechnology in producing traditional West Java fermented snacks**, Associate Prof. Anas, UNPAD
- **Urgency of Big Data for decisions support (A case study in a tropical country)**, Dr. M.D. Enjat Munajat, Ph.D., UNPAD
- **Wellness programs during pandemic in a tropical country**, Associate Prof. Dr. Setiawan, UNPAD
- **Improving local tomatoes quality for health**, Prof. Hiroshi Ezura, Tsukuba University, Japan
- **Health and therapeutic multicultural communication**, Prof. Dedy Mulyana, UNPAD
- **Challenges in the production of Butterfly Pea for the natural color industry**, Dr. Vogel Concibidou, Sensient Colors, LLC, USA
- **Diversification of honey sweet potato from Cilembu West Java**, Associate Prof. Agung Karuniawan, UNPAD
- **Public policy for asset management in tropical area**, Prof. Sung Min Park, Sungkyunkwan University, Korea
- **Digital tourism during the pandemic era**, Prof. Hyung Jun Park, Sungkyunkwan University, Korea
